Professional Skills & Tools:

- Confluence
- Jira
- ServiceNow
- Agile development
- Project Management
- Debugging

EDUCATION

Coding Dojo | Costa Mesa, CA May 2020

Certificate of Completion for demonstrating
proficient knowledge for:

- Web Fundamentals (HTML, CSS, JavaScript)
- Algorithm & Data Structures
- Python
- .Net/C#
- MERN
- Java

Saint Louis University | St. Louis, MO May 2011

- B.S. in Health Information Management
- Certificate of Information Technology
Management

EXPERIENCE

Software Engineer | GlobeChat - Newport Beach, CA **Feb'21-Present**

- Lead a team of 3 developers to implement a change management process to QA code, resulting in debugging 59 development bugs within 3.5 weeks before launch of beta version.
- Provided documentation to maintain the cloud server and database, resulting in 100% quicker provisioning of new engineers onto the team.
- Implemented a bug tracking system to identify reported bugs, resulting in a productivity increase of about 20%.

Software Engineer Fellow | Coding Dojo - Costa, Mesa CA **Feb'20-May'20**

- Full-time, on site coding program over 14 weeks (+1000 hrs) of coding experience and building web applications from end to end.
- Career Reinvention - Scholarship Recipient by Coding Dojo.
- Gained understanding of OOP and fundamentals of web programming.
- Solved daily Algorithm and Data Structures challenges.

Project: FlowersEverAfter.com

E-commerce floral shop allowing customers to purchase floral arrangements, leave reviews and product ratings.

- Full stack app using React.js, Node.js, Express, and MongoDB.
- Styled using React-Bootstrap and custom CSS to achieve responsive web layout.
- Used Redux for state management of cart items.
- Integrated PayPal API for credit card processing.

IT COMPLIANCE EXPERIENCE

IS Compliance Analyst | HireRight - Irvine, CA

IT Security Analyst | Confie - Huntington Beach, CA

IT Compliance Analyst | Nordstrom Inc. - Los Angeles, CA

Internal Auditor | Providence Health & Services - Burbank, CA

IT Compliance | Dell Inc. - Palm Springs, CA

Aug'19 - Jan'20

Feb'19 - Aug'19

July'17 - Feb'19

July'16 - July'17

June'14 - July'16

Professional Accomplishments**COMMUNICATIONS**

- Presented and translated technical audit gaps into business logic to business stakeholders.
- Proficient with project management tools (Jira, ServiceNow) to communicate agile development with audit gaps to product owners.

PROBLEM SOLVING

- Designed (develop, implement, and document) a quarterly audit program involving DevOps and Business Operations, intended to address gaps within user roles across enterprise systems achieving 95% audit score.
- Deployed file management standard to an archaic onboarding process to shorten the duration of access request time by 50%.

QUALITY ASSURANCE

- Tested and repaired root-cause issues to adhere to regulatory standards, resulting in streamlining new procedure and workflow.
- Trained QA team to manual test/validate in Excel sheets using Vlookup and custom formulas, resulting in 100% of closing audit gaps for 4 MySQL databases.
