

JIMMY LAM

(714) 623-7567 | dev.jimmylam@gmail.com | devjimmylam.com | github.com/devjimmylam | linkedin.com/in/devjimmylam

SKILLS

React, JavaScript, TypeScript, Redux, RESTful APIs, GraphQL, HTML, CSS, Sass, Node.js, NPM, Yarn, Grunt, GitLab, WebPack

PROJECTS

FlowersEverAfter.com | React, Redux, Bootstrap, Node.js, Express and MongoDB

[LIVE](#) | [GitHub](#)

- Engineered a RESTful API backend and deployed on Heroku with endpoints for products, users and orders.
- Implemented Redux to globally store and manage state for user data, shopping cart items and orders.
- Integrated PayPal SDK to provide both users and proprietors fast and secure payment options.

PROFESSIONAL EXPERIENCE

Junior Full-Stack Developer/ Hoverstate - Lehi, UT (Remote)

June 2021 - Feb 2022

- Migrated, modified and refactored website into mobile app, resulting in deployment of both mobile iOS and Android builds using Ionic SDK, ReactJS Hooks, Redux and CSS(Sass) for client, Jazz Pharmaceuticals. (myWAV app)
- Collaborated with System Architects to develop RESTful API endpoints that deliver JSON payloads and use queries to tailor marketing inventory according to United Fleet Management's customer ID selected. (<https://www.unitedfleetmgmt.com>)
- Implemented over 100+ Google Tag Manager components to assist clients in tracking user activity for the website, analytics and remarketing for Jazz Pharmaceuticals. (<https://www.mywav.com>)
- Remediated Pentest vulnerabilities for HTTP response headers by writing security configuration in Java for X-Frame-Options, Cross Site Response Forgery, Strict-Transport-Security, and Content-Security Policy.

Junior Mobile Developer / GlobeChat - Newport Beach, CA (Part-Time)

Jan 2021 - June 2021

- Assisted development and implementation of change management workflow for QA testing, resulting in debugging 46 development bugs within 3.5 weeks before launch of the beta version.
- Maintained React Native codebase and submitted readable and reusable code.

Freelance Web Developer/ NDA Stealth Company - Irvine, CA

Aug 2020 - Jan 2021

- Maintained and developed the client's website using JavaScript, HTML, CSS(Sass) and React.
- Assisted product to build out MVP by researching and implementing a NPM package for driver license validator for all 50 states.

IS Compliance Analyst/ Optomi IT Staffing - Irvine, CA (Contract)

March 2019 - Jan 2020

- Assisted HireRight with third party auditors to answer security questionnaires to attain audit certifications for ISO 27000 and SSAE16.
- Remediated Confie's PCI security risks, resulting in passing audit and receiving Report of Compliance certificate.

IT Compliance Analyst/ Nordstrom Inc. - Los Angeles, CA

July 2017 - March 2019

- Implemented 5 QA programs to test and verify identity access management to legacy RDBMS, resulting in passing SOX IT302 control testing and enterprise removal of 2,000+ user accounts from 5 different SQL databases.

Internal Auditor / Providence Health & Services - Burbank, CA

July 2016 - July 2017

- Conducted root-cause analysis of inefficient department workflows, resulting in writing audit reports for each business unit to remediate IT security risks.

IT Compliance Admin / DELL Inc. - Palm Springs, CA

June 2014 - July 2016

- Trained clinical staff in the interpretation of HIPAA standards and formulation of corrective action plans for failed audit controls, resulted in a monthly facility compliance rate of 84%.

EDUCATION

Saint Louis University - St. Louis, MO

May 2011

Bachelors of Science in Health Information Management
